QUALITY POLICY

- We at the ZTCC, Mumbai is committed to promote and improve the coordination, monitor, and supervise the Deceased organ transplant program and distributing organs to a suitable recipient. Also, to promote and improve the recognition and awareness of organ donation with a view to help organ failure patients to overcome their ailment to the extent possible. Without prejudice to the generality of cast, grade, religion, or status.
- We consider that equitable organ allocation is our top priority and therefore we strive to eliminate the unsafe practice by:
 - Conforming with safety regulations & legislation.
 - Credentialed & Privileged Healthcare Professionals.
 - Ongoing quality improvement training program that empowers our staff, member hospitals Etc.
 - Involving Member Hospitals and transplant teams in decision-making for developing clinical excellence in transplantation and donation.

QUALITY STATEMENT

- ZTCC, Mumbai organ allocation system is unique, transparent, and patient-centric. ZTCC Mumbai is committed to the fair and equitable distribution of Deceased donor organs.
